

Dear Sir/Madam,

Please be advised that it is important to follow the instructions below to perform this test.

### URINE COLLECTION

General directions:

- Have three fractional urine collection containers (volume: 2500mL) purchased from the pharmacy, without added preservatives.
- During collection, store the container in the dark and in the refrigerator.

Collection instructions:

The day before delivery mark the three containers:

Container I

- discard the first morning urine at 8.00 a.m.; collect all subsequent urine in the container, including the 11:00 a.m. urine.

Container II

- Collect all urine from 11:00 am to 8:00 pm in the second container.

Container III

- Collect all urine from 8:00 pm to 8:00 am in the second container.

Close the collection containers by screwing the cap tightly.

Write in the box below:

Last and First Name: \_\_\_\_\_

Date of collection: \_\_\_\_/\_\_\_\_/\_\_\_\_

Urine collection container I from \_\_\_\_:\_\_\_\_ at \_\_\_\_:\_\_\_\_

Urine collection container II from \_\_\_\_:\_\_\_\_ at \_\_\_\_:\_\_\_\_

Urine collection container III from \_\_\_\_:\_\_\_\_ at \_\_\_\_:\_\_\_\_

1. The 3 collections can all be delivered on the same day if stored in the dark and refrigerated.
2. Deliver containers with urine collections + this sheet completed according to the directions to the drawing point during opening hours.
